

FAASTeam presents:

## **FAA Safety Seminar at Speculator Pilots Weekend**

All too often pilots will act impulsively when faced with an unexpected event, and sometimes their "startle response" will weld the final link in the chain leading to a fatal accident. During this presentation, Doug Stewart will present a variety of scenarios to help you prepare for the unexpected. He will discuss: how to counter the "startle response"; how "threat and error management" can make you a safer pilot; the proper response to engine failures at any time from takeoff to landing; the proper thing to do if you have an inadvertent IMC encounter; and how to do the right thing when the unexpected happens to you. To attend this exclusive event, click on the link below and register TODAY.

**Directions:** Elm Road starts at the intersection of Routes 30 & 8 in the Town of Speculator Turn on to Elm and procede to School on Right.

There also will be complimentary transportation from Piseco Airport, K09 starting at 4:30PM.

**A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
